

IEEE Pacific Visualization 2011

March 1-4, 2011, Hong Kong

Call for Papers

The 4th IEEE Pacific Visualization Symposium (PacificVis 2011) will be held in Hong Kong, during March 1 to 4, 2011. PacificVis is an IEEE sponsored international visualization symposium held in the Asian-Pacific region, with the objective to foster greater exchange between visualization researchers and practitioners, and to draw more researchers in the Asian-Pacific region to enter this rapidly growing area of research.

Authors are invited to submit original and unpublished research and practical applications in all areas of visualization. Suggested topics include, but are not limited to:

| | |
|-------------------------------------|---|
| Visualization Taxonomies and Models | Large Data Visualization |
| Spatial Data in Visualization | Visual Analysis and Knowledge Discovery |
| Information Visualization | Flow Visualization |
| Display and Interaction Technology | Applications |
| Evaluation | Graph Drawing |
| Perception & Cognition | Visual analytics |
| Hardware for Visualization | Collaboration / Social Visualization |

All papers accepted by the conference will be published in hardcopy proceedings by IEEE and also included in the IEEE Digital Library. Selected research papers of outstanding quality will be invited to submit an extended version to IEEE Transactions of Visualization and Computer Graphics.
